Hey Keith, the surgeons are concerned about using these products. Intuitive has been great at messaging the risks that “?could”? be associated with third party refurbished products.

I’d like to set up a phone call today to discuss.

Thanks,

john

Always great catching up, Jean.

I have attached the documents on our robotic endowrist service.

We are currently able to support all Si and S arms. Xi is in R&D and we hope to have an update from our engineering department in the coming months.

Thanks again.

Keith
